Dear Doctor Clemans:

Thank you for continuing to be a part of the American Academy of Implant Dentistry, the first implant dentistry organization in the world. Enclosed you will find your seal to update your membership certificate as well as (new!) an "AAID Member" window decal to display in your office or on your vehicle.

We at the American Academy of Implant Dentistry are excited to highlight some recent member benefit additions that make your membership with the Academy even more valuable.

**NEW Member Benefit:** AAID has produced three patient education "vinemations" (short animated videos) exclusively for members to use to educate patients on different dental implant topics. The videos are available in the For Members section of [aaid.com](http://aaid.com) and can be viewed chairside by patients, or even embedded right onto a member's website. For more information, call the headquarters office or email [info@aaid.com](mailto:info@aaid.com).

**AAID Advantage Program:** One of AAID's newest programs, Member Advantage gives AAID members a financial edge. The AAID is partnering with companies both dental related and not... companies you might already make purchases with... to provide savings opportunities not available to other dental practitioners.

Whenever you have questions or need assistance, please feel free to contact any of the AAID staff, either by phone, fax, letter, or e-mail. We are here to serve you!

Thanks for your membership and continued support of the AAID.

Very truly yours,

P.S. Have a colleague that could benefit from AAID membership? Tell them about us! Each time you refer a new member, you get entered into the drawing for free 2017 dues.
